

Actual Software Inc.
End User License Agreement (“EULA”)
Additional Terms – FaxReceive application

These additional terms extended the basic EULA you entered into with Actual Software Inc. (“ACTUAL”) by downloading and using the FaxReceive app from either the Google Play Store or the Apple iTunes Store.

1. Temporarily Fax Number

ACTUAL will provide the temporary use of one of its phone numbers for the purpose of receiving one or more faxes in a specific time window as purchased through FaxReceive. You agree and understand that the number remains the property of ACTUAL and will be reused by other users of FaxReceive. You acquire no ownership in or rights to this number.

2. Accidental Fax Reception

It is possible that during the time period that you have use of this number from ACTUAL that you may receive faxes not intended for you for whatever reason. You agree to immediately delete any such faxes upon realizing that you were not the intended recipient.

3. Fair Use

ACTUAL provides the use of service for the time period specified under an assumption of “Fair and Reasonable Use” by you. You agree that you may receive one or more faxes during the time period purchased consistent with an occasional business fax usage. Such usage would not include a high volume of faxes and/or atypically large faxes. If we feel that your usage is abusive and not “Fair and Reasonable Use” you agree that we may stop the reception of any future faxes during the purchased time period and/or limit the number of pages that we provide you.
